

CONCEALED FASTENING SYSTEMS

DESIGNER™ SERIES

The Designer™ Series panel provides the toughness of metal while creating an attractive, flexible and functional wall or fascia panel. The Designer™ Series is offered in fluted panels, which are equally effective for new construction or retrofitting existing buildings.

Features and Benefits:

- The Designer™ Series 16.0 Fluted Panel offers a continuous rib design with a hidden sidelap where the panels join together. Ribs are 4-inches wide and 3/8-inches deep, providing interesting shadow lines along the length of the wall. The panel legs are 1¾-inch deep allowing ample space for rigid board, blanket or batt insulation in the cavity.
- Each panel features concealed fastened systems enhancing the appearance. One leg of the panel is attached to the structure and the other leg snaps securely into the adjoining panel to lock them into position.
- Designer™ Series carries Florida approval.

Product Specifications

- Applications: Wall
- Coverage Widths: 16" (Fluted Panel)
- Panel Attachment: Concealed Fastening System
- Gauges: 24 (standard); 22 (optional)
- Finishes: Smooth (standard); Embossed (optional)
- Coatings: Galvalume Plus®, Signature® 200, Signature® 300, Signature® 300 Metallic
